

The established policy of S Evans & Sons Ltd is to provide to its customer's, products and services, which are fit for their intended purpose and are delivered conforming with the Customers, Industry and Company's Quality Specifications. The company Quality Policy is also to produce a quality service whilst maintaining customer satisfaction in a cost-effective manner. S Evans and Sons maintain an Integrated Management System which is compliant with the requirements of ISO 9001:2015 and are certified as such by a UKAS accredited certification body.

To this end management systems and procedures are applied to meet the quality goals of the Company and to satisfy the requirements of ISO 9001:2015. The company promotes and endeavours to provide:

- high levels of customer satisfaction;
- delivery of the business commitment to the highest Quality standards, working with suppliers and customers;
- safe operation and protection of the reputation, value and assets of the company;
- high Quality of product and service for all activities of the Company;
- a highly motivated and competent workforce who believe in S Evans & Sons Ltd culture and values;
- continual development of the business and internal processes for continual Quality improvement;
- Quality objectives that are set annually and continually monitored throughout.

S Evans & Sons Ltd strive to create a working environment that stimulates innovative thinking and provide for continual improvement.

S Evans & sons Ltd maintain awareness of and apply where appropriate new developments in demolition technology and business methods with our customers. S Evans and Sons Ltd are committed to working with organisations and customers to establish and maintain the highest Quality standards.

S Evans & Sons Ltd endeavour to demonstrate improvement in service delivery and internal processes in order to continually meet and build on customer requirements and stakeholder expectations. S Evans and Sons Ltd are committed to continual improvement in Quality performance.

S Evans & Sons Ltd deliver the Quality goals by the establishment and implementation of management objectives and processes, which are monitored against the requirements of the Quality Management System, legislation and our customer's requirements.

S Evans & Sons Ltd monitor Quality objectives, which ensure that standards of Quality are maintained and progressively improved. Objectives are reviewed and monitored during management review meetings.

The Director responsible for Safety is the director responsible for Quality and will appoint an individual to maintain executive control of the Management System.

The Quality policy is brought to the attention of all employees on induction and is emphasised throughout the organisation continuously throughout the year. This Policy is considered at all Management meetings to ensure commitment to Quality. This Policy is reviewed at the annual management meeting to assess its effectiveness, compliance with relevant legislation and standards law and to ensure that it reflects changing needs and circumstances. Any reviews of this policy will be further communicated through staff briefings. This policy will also be made available to all stakeholders and interested parties.

Signed:

Jordan Sumner
